November 6, 2018

The International Cyanide Management Association (ICMI) requires that a notarized Auditor Credentials Form be submitted with each finalized Cyanide Code audit report. An Auditor Credentials Form was not submitted with the 2018 APM Terminals recertification audit report. The APM Terminals audit report was accepted by the ICMI based on the signed attestation by the lead auditor, Mr. Carlo Vargas, on page 6 of the Summary Audit Report, and on the basis of the experience noted in previous recent Auditor Credentials Forms submitted by the same lead auditor. However, in part due to the failure to submit the necessary form the lead auditor has been indefinitely suspended from leading or participating in future Cyanide Code certification audits.

For any queries on this matter please contact ICMI at info@cyanidecode.org.
