Cyanide-Related Operations Experience

Each auditor must have at least 3 years; at least one auditor must have at least 7 year's experience.

Auditor	Yrs.	Relevant Position Titles	Types of Operations
Russell Beazley	0.5	Cyanide Code Champion	Secondment to Phu Kham gold mine to assist with the implementation of an action plan aimed at gaining ICMC certification. This involved preparation of processing plant and environmental monitoring procedures, training and internal auditing.
Russell Beazley	8	Environmental Consultant	Provision of environmental consulting services for the mining industry. Approximately 50% of his time has been spent with gold operations including development of operating plans and systems, mine permitting and approvals, compliance auditing, Cyanide Code pre-certification and certification auditing, closure/decommissioning planning and closure cost assessments.

Statement

I certify that the above is correct to the best of my knowledge. I have lead at least 3 health, safety, and/or environmental audits in the past 3 years, have in excess of 7 years' experience in the gold mining industry and am familiar with standard audit procedures as well as with the protocols developed by the International Cyanide Management Institute for implementation of the Code.
