Auditor	Yrs	Relevant Position Titles	Types of Operations
Kent R. Johnejack	20+	Registered Professional Engineer (Civil); Senior Engineer/Principal; and Certified Environmental Auditor	Since 1995, Kent has worked in the mining industry as a consulting engineer and hydrologist. He has been involved with groundwater and surface water permitting, closure, remediation, spill cleanup, due diligence, waste characterization, sampling and analysis, civil design, construction oversight, regulatory compliance inspections, and auditing. Prior to 1995, Kent worked in land development, infrastructure, and low-level radioactive waste projects.
Bruno Pizzorni	11+	Senior Engineer and Certified Health and Safety Auditor	Bruno has worked in the mining industry as a consultant since 2003. The experience has been at polymetallic and gold mines, and covers mainly health, safety and environmental aspects throughout the mining life cycle. Bruno has training and expertise in Health and Safety and is registered in the OH&S program of the International Register of Certified Auditors (IRCA). Prior to 2003, he worked as a field engineer and project manager in the the construction industry on oil and gas or mining projects.
