Cyanide-related Operations Experience

Each auditor must have at least 3 years; at least one auditor must have at least 7 years' experience.

Auditor	Yrs.	Relevant Position Titles	Types of Operations
Sophie Wheeler	16	Principal Environmental Auditor	Sophie has been an environmental consultant with Golder Associates since 1997; auditing manufacturing, waste and mining facilities. She has been involved with environmental and health and safety auditing, permitting and contaminated land assessments. She has undertaken 10 audits of mine, production and transportation companies.
Romain Girard	13	Mining Specialist	Romain is a senior Geotechnical Engineer with Golder Associates in Sweden and has over 13 years' experience. Romain has been involved as engineer, designer, auditor, and reviewer at different stages of mine waste management projects (tailings dams, heap leach, waste rock dumps), from conceptual design and site selection, prefeasibility and feasibility studies, to construction management and closure, and for a wide range of commodities. Romain has previously completed mine ICMI gap analysis and certification audits in Europe and Canada.

Statement of No Conflict

I certify that I have not audited any component of this facility for which I was responsible for design or development; nor have I within the past year been an employee of the facility, its parent company, or associated affiliates. Excluding audits, I have not derived more than 30% of my income within the past 5 years from the facility, its parent, or associated affiliates. I have not participated in more than two consecutive Cyanide Code audits of this facility. I have participated in at least 3 health, safety, and/or environmental audits in the past 7 years and am familiar with standard audit procedures as well as with the protocols developed by the International Cyanide Management Institute for implementation of the Code.
