Fernando Rodriguez - Technical Auditor Credentials

Summary of Experience

Fernando Rodriguez is a mining professional with 22 years of experience in Environment, Safety and Health programs. Fernando is currently an independent consultant and certified as “Lead and Technical Auditor in Mining” under the ICMI. He worked for 19 years at Barrick Gold Corporation in operational, regional and corporate level roles, which included, among others, leading the implementation of environmental, health and safety improvement programs, providing support and guidance to mines and projects in Papua New Guinea, Australia, United States, Canada, Zambia, Saudi Arabia, Dominican Republic, Argentina, Chile, and Peru.

Along his experience in the gold industry, He has maintained focus on the development, implementation, and follow up of environmental management systems, as well as the Cyanide Code compliance requirements.

His exposure with the code principles started as an implementation leader, when Barrick was ready to become a signatory and decided test the requirements at the Pierina mine back in 2005. Since then has been constantly involved with reviews, inspections and pre-audits on the Code.
